Michael L. Porath, Landfill Manager
Waste Management Services
Anne Arundel County
389 Burns Crossing Road
Severn, Maryland 21144

Dear Michael L. Porath:

On Oct. 20, 2025, the Maryland Department of the Environment Solid Waste Program (MDE/SWP) received the Phase III Report (the "Report") for the proposed vertical expansion at the Millersville Municipal Landfill and Resource Recovery Facility, located at 389 Burns Crossing Road in Severn, Maryland. On March 6, 2026, and July 31, 2026, MDE/SWP received revisions addressing comments made by MDE/SWP. The Report and the subsequent revisions were prepared and submitted on your behalf by Geosyntec Consultants.

MDE/SWP has finalized its internal review of the Report and does not have any further comments. In addition, no comment was received from the interested parties, or the other agencies as requested. The Report is now considered complete and meets the minimum requirements of the Code of Maryland Regulations (COMAR) 26.04.07.08. MDE/SWP will therefore proceed with the other stages of the Solid Waste Permitting process for the proposed vertical expansion..

MDE/SWP will communicate the requirements in preparation for the citizens opportunity to participate with the public hearing in accordance with Sections 1-601, 1-602, 1-604, and 9-209 of the Environment Article, Annotated Code of Maryland. If you have any questions regarding this matter, you can contact Allison Marong, Project Engineer, at (410) 537-3315 or allison.marong@maryland.gov.

Sincerely,

Andrew Grenzer, Chief
Solid Waste Operations Division
